XW4YY Laos -update by Maxim OH7O

'Stations from the USA or, even more specifically, from the East Coast of the USA, if you are interested in having a 40-meter call – FT8 or, who knows, maybe even an SSB one – drop me a message. I am overwhelmed with local calls from JA and YC. But we may find a more secluded frequency spot separately.'

FP5KE Saint-Pierre & Miquelon

We are now 15 days away. The preparation of the equipment for FP5KE was completed this weekend at the Provins F6KOP Radio Club. All our equipment is packed and the bags and suitcases are numbered. We will be carrying 16 pieces of 12 kg luggage in the cabin, including the transceivers and some lightweight amplifiers like the ACOM 500s, as well as around ten laptops. But the bulk of the equipment will travel in the hold, with this year five 32 kg bags for the antennas and 14 pieces of 23 kg luggage for the equipment. With 700 kg of luggage, this is more than for previous F6KOP expeditions. The preparation photo album now includes more than 60 photos. <https://fp5ke.wordpress.com/>

Club Log notice by Michael G7VJR

The brand new Club Log server ([c/o NCDXF](#)) is now in the data centre, and I have finished configuration work to make it ready.

This Saturday AM (UK time), I will stop all services and migrate the database from the current primary server. I expect it will be a few hours to restore service. A banner has been added to Club Log and I'll also make sure a helpful message is displayed on the day.

Look for a noticeable leap in performance, e.g. uploads will take half the time to clear the queue.

AU2H Hope Island, AS-178 new

We are happy to report that Cezar (VE3LYC) will be able to bring two radios, one amplifier, band pass filters, and two multi-band verticals, as originally planned. This will be possible due to the generosity of several friends who pledged their support by landing him various components: Adrian KO8SCA will provide a K3 radio and an Acom 500S amplifier; Pat VE7QCR will provide band pass filters from 10 to 40 m; and George VE3GHK will build another multi-band vertical antenna. We are highly indebted to them.

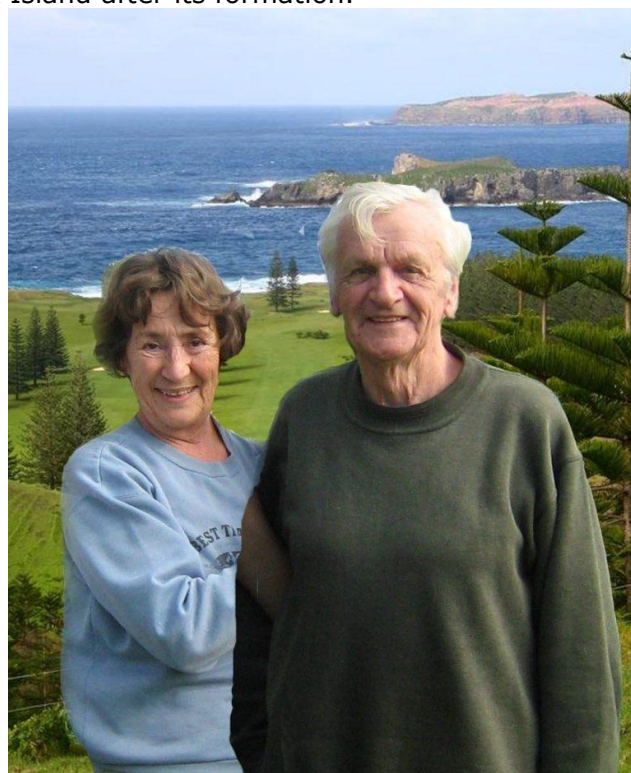

VK9NL S.K

Very sad to report that Kirsti, VK9NL (wife of Jim Smith VK9NS) has died peacefully at home on Norfolk Island, aged 89. Jim's son, Bruce G3HSR, shared this info earlier today with DX-World and the wider DX community.

DXpedition legacy: Kirsti operated alongside her late husband, Jim Smith (VK9NS), and was involved in several major DXpeditions. For example, she was an operator during the 1992 Willis Island expedition and the 1988 Howland Island expedition.

Heard Island DX Association: Together with her husband, Kirsti helped run this non-profit organization from Norfolk Island after its formation.

3Y0K Bouvet Island -update by Vlad OK2WX

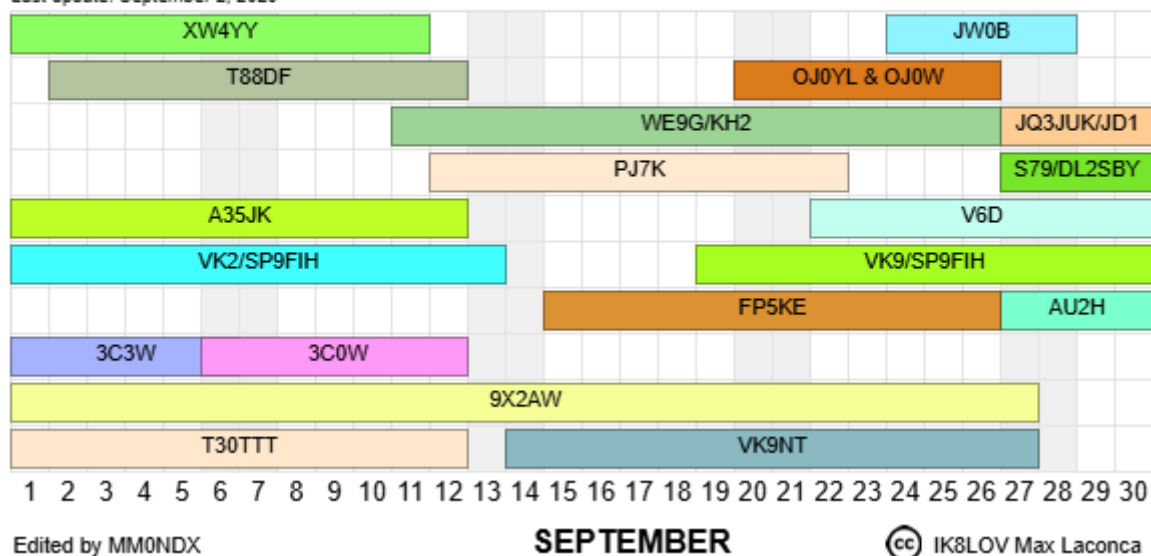

Vlad, OK2WX reports that Friday (August 29th) was the second full day of work – packing 27 tons of DXpedition material for Bouvet 2026. Pictures again courtesy of OK2WX.

On the scene...3C0W and 3C3W

Eugene and Yuris are in a hotel in downtown Malabo, Equatorial Guinea, close to the ocean and operating as **3C3W**. They installed a vertical for 3 bands, and a EFHW antenna. However, there is not enough space for low band antenna anywhere nearby.

It turns out there are irregular flights to Annobon (**3C0W**), not only ferry service, as initial information suggested. So the plan is to operate as 3C3W until Friday (5th), and then to fly to Annobon on Saturday, September 6th. Fingers crossed the flight is not going to be cancelled.

ANNOUNCEMENTS

Announced DX

THE NEWCOMERS

S2, BANGLADESH The Bangladesh Telecommunication Regulatory Commission (BTRC) has officially granted special authorization for the upcoming DXpedition program to be held at the UNESCO World Heritage Site, the Sundarbans, from 11–17 November 2025. VP2V, BRITISH VIRGIN ISL Seth, N4XTT and a team of young operators will be active as VP2VRX during the CQWW SSB contest. This operation features a team of operators (W3MLJ, KC1KUG, N4XTT, K4BEN and KC3VPB), all in their late teens and early twenties, who bring energy to DXpedition activities. The group has been planning this operation for many months, coordinating equipment, antennas, and logistics for a memorable and fun operation for both the team and the stations they work.

The timing works out well with the CQ Worldwide SSB Contest happening that weekend, which will bring lots of participation from stations worldwide. The plan is to start things off with a few days operating as NP2R from the US Virgin Islands (October 20-22); allowing the team to test equipment before moving over to the British Virgin Islands for the main VP2VRX operation during the contest (October 23-28). They'll be running multiple stations simultaneously during the contest. Outside the contest, the operators will each be active as VP2V/call on various modes/bands.

VP8, SOUTH GEORGIA ISLAND Amateur Radio DXpeditions (ARD) is proud to announce plans for a groundbreaking DXpedition to South Georgia Island, set to take place in March 2027. Operating under the allocated callsign VP0SG, this ambitious activation will target one of the rarest and most logistically challenging DXCC entities, well ranked on top of the Club Log's Most Wanted List, with particularly high demand in some areas of the world.

ZD9, TRISTAN DA CUNHA DX-World has learned that a Tristan da Cunha Dxpediton is in the pipeline for 2025. Whilst it is quite some time away, we have gleaned the following info.

It will be a 3-4 month long DXpedition to ZD9 which could be extended by another 2-3 months bringing it to (potentially) 6+ months. The additional months could depend on PayPal donations / extra donors. Focus is going to be on CW & SSB. There will be VERY LIMITED usage of FT8. In fact, FT8 will ONLY be used on 80 & 160 meters. Bands of operation will be 10 meters to 160 meters. 1kW to monoband heavy duty vertical antennas due to Tristan da Cunha's very inhospitable weather.

ZL7, CHATHAM ISL Stan, LZ1GC will be operating as ZL7/call between November 3 and November 20. Operation from 160 to 10 meter with 2 stations using CW, SSB and FT4/8. Stan will use a combo of verticals, GP antennas and VDA's. QSL via home call, OQRS.

THE NEWCOMERS

D2, ANGOLA An international team of radio amateurs from Angola, Portugal, Spain is carrying out a special amateur radio operation under the callsign **D2A**, from October 18 to 26, to commemorate the 50th anniversary of Angola's Independence and to promote the country's cultural and natural richness to the world through radio communications.

The initiative, taking place on the iconic Mussulo Island, aims to serve as a bridge between peoples and cultures, connecting Angola with thousands of radio amateurs across all continents. Through the airwaves, Angolan and international voices come together to share a message of peace, unity, and progress.

With local logistical support and collaboration between operators, the D2A operation is equipped with high-level communication infrastructure, enabling 24/7 global radio contact throughout the duration of the event.

Driven by a strong spirit of cooperation, this multicultural and multidisciplinary team joins forces to bring Angola to the world—and the world to Angola—using the magic of radio as a means of connection.

Beyond its patriotic symbolism, this amateur radio activation highlights Angola's role within the global amateur radio community, promoting the country as a vibrant destination rich in history, nature, and hospitality.

D2A is more than just a callsign – it is a symbol of international cooperation, passion for communication, and Angolan pride at a time when the nation celebrates half a century of sovereignty and nation-building.
